	Explanation

Before Starting	What Account type You Need to Enroll?
	➢ **Enrolling as an Individual:**
	    If you are an individual or single person business, sign in with your Apple ID to get started. You'll need to provide basic personal information, including your legal name and address.
	
	➢ **Enrolling as an Organization:**
	    If you're enrolling your organization, you'll need an Apple ID as well as the following to get started:
	       o A D-U-N-S® Number
	          Your organization must have a D-U-N-S Number (nine-digit numbers) so that Apple can verify your organization's identity and legal entity status. You can check to see if your organization already has a D-U-N-S Number and request one if necessary. They are free in most jurisdictions.
	          More about D-U-N-S Number:

	       o Legal Entity Status
	          Your organization must be a legal entity so that it can enter into contracts with Apple. Apple do not accept Fictitious Businesses, Trade names, or branches.
	
	       o Legal Binding Authority
	          As the person enrolling your organization in the Apple Developer Program, you must have the legal authority to bind your organization to legal agreements. You must be the organization's owner/founder, executive team member, senior project lead, or have legal authority granted to you by a senior employee.
